## PLANTATION, BEAUTIFICATION AND ENVIRONMENTAL UPGRADATION OF LOHAGAD

### Appeal

Hariyali is an NGO working on the above project, for which plantation of 500 plants on Lohagad fort was accomplished in June 2012. This activity could not have been completed without your hearty cooperation as well as funds and man power. We are thankful to you for this gesture. We are happy to see the results during our visit in April 2013; they are encouraging as 280 of the plants have survived

Above project is well supported by Archaeology Department of India Maharashtra division. Last year June 2012 our first phase was supported by nature lovers, trekkers and NGO's by way of funds & man power.

Through this pamphlet we appeal to donate & participate in our coming plantation programme (phase two) organized by HARIYALI on 16<sup>th</sup> June 2013 fort Lohagad at 10.00am.
